

Installation Guide

You must have the **JIRA System Administrators** [global permission](#) before you can carry out the instructions on this page.

Install

1. Log in as a user with the **JIRA Administrator** global permission.
2. On the Admin panel select **Settings Apps**.
3. Navigate to **Find new apps** from the left-hand side of the page and locate **SLA PowerBox** via search.
4. Click **Try it free** and confirm installation by clicking **Start free trial** button.

Unsubscribe

1. Log in as a user with the **JIRA Administrators** global permission.
2. On the Admin panel select **Settings Apps**.
3. Navigate to **Manage apps** from the left-hand side of the page and locate **SLA PowerBox**.
4. Click **Stop trial** and confirm by **Unsubscribe** button.

Uninstall

1. Log in as a user with the **JIRA Administrators** global permission.
2. On the Admin panel select **Settings Apps**.
3. Navigate to **Manage apps** from the left-hand side of the page and locate **SLA PowerBox**.
4. Click the **Uninstall** button **Uninstall app**.
